

# Carlos Cañellas Tovar

## DevOps Engineer

### About me

I'm curious by nature, always willing to learn brand new technologies if necessary or just for fun. I started with computers since Windows 3.1, fascinated how they perform, I was learning how the work and eventually met Linux, macOS... Still learning!

📍 Murcia, Spain

☎ +34 609 37 08 84

✉ carlos@suzamax.one /  
ratiosu.cct@gmail.com

🗣 Spanish, English, Catalan, and a  
little French.

🚗 Driving License

---

### Knowledge

Docker, Kubernetes, Amazon Web Services, Google Cloud Platform, FluxCD, Python, Istio Service Mesh, Java, Groovy, VueJS, PHP, VIM, Growlith, PostgreSQL, Jenkins, Keycloak, Bash scripting, cronjobs, Windows Server, Ubuntu, RHEL y Debian, HAProxy, Consul, Grafana, Prometheus, Kafka, Atlassian Suite.

---

### Skills

Troubleshooter, creative, stubborn in order to get a fix for each problem. I do Agile.

### Experience

#### Orenes Grupo

##### DevOps Engineer June 2022 - March 2024

Linux & Windows nodes on Rancher RKE on-premise and AWS EC2 powered Kubernetes clusters. Google Kubernetes Engine. Helm Charts implementation, custom Docker/containerd solutions. Istio Service Mesh, CI/CD with Jenkins and FluxCD (GitOps) for automated software delivery. Grafana+Prometheus and ELK suite for monitoring. Jaeger, Loki, for telemetry and logs. Custom pipelines, custom Jenkins libraries, powered by Groovy. PHP and JavaScript internal solutions. Agile and Atlassian Suite.

---

#### Capgemini

##### Sysadmin January 2022 - June 2022

French project. Red Hat Enterprise Linux and IBM AIX servers, where I create some scripting and created Tomcat and other Apache solutions like HTTPd, with Spring (Java) solutions created and implemented on those systems. Atlassian suite and Agile.

##### Software Engineer June 2021 - January 2022

French project. C#, Java (Spring), JavaScript, Docker, Kafka + Avro, OpenAPI, ETLs (extract, transform, load) using Microsoft SQL Server and other Microsoft solutions (SSMS, SSRS) & PostgreSQL.

### Formation

#### [120 ECTS] Computer Science Degree @ University of Murcia

September 2017 - June 2021

Starting 2nd year I joined associations and events, and in 4th year I joined DAFI (Computing Faculty Students' Delegation). Currently on hiatus.

---

#### Superior Degree; System Administration and Network Management @ IES Ingeniero de la Cierva

September 2015 - June 2017

Mean: 8.86/10

##### Trainee @ Grupo SYS4NET, S.L.

March 2017 - June 2017

Development methodologies (Agile, DevOps...), Linux, also helping desk.
